

SOLBORG® ~ Innovative Sliding Sash Window

Due to ground breaking hardware developed and patented by *Vrogum-Svarre*, the sliding sash window is now as efficient as a casement window. It complies with modern requirements for heat insulation and sound reduction as well as being draught and theft proof, and all without compromising the look of a traditional box sash window.

- ◆ Comply with Part L 2006: Building Regulations (Conservation of fuel and power)
- ◆ Extremely wind and water tight, one of the tightest on the market
- ◆ Tested for up to **39DB** sound reduction (according to EN ISO 717-1:1996)
- ◆ Standard with Super Low E glass with Argon Gas **Uw-value 1.5** for reference window W: 1230 H: 1480 with Ug=1,1 glass
- ◆ High Quality Torso spring balances
- ◆ Operated by lockable window handle
- ◆ Safe and easy window cleaning from inside, bottom tilt
- ◆ Locked night ventilation position and/or trickle vents
- ◆ Internal glazing beads, with a putty rabbet look on the outside
- ◆ 22 mm simulated glazing bars, with putty rabbet look
- ◆ Horns
- ◆ High security due to concealed espagnolette locking and internal glazing
- ◆ Fully drained sash and glazing system
